

Dear parents, carers and guardians,

We really hope you had a good summer holiday and enjoyed lovely sunny Wales.

This is just a quick email to remind everyone that the school is back for all children on **Wednesday 3rd September**. We are really looking forward to seeing you all.

Some of you might have noticed that the school now has **new fencing** and additional access to the playground. The work is still in progress, but we have been assured this will be completed by the end of the week.

To increase our pupils' safety, our **carpark will now be closed from 8:15am until 5:30pm** during school term. If you need access to the school carpark, please contact the office and we can discuss specific arrangements suitable to your circumstances.

Lastly, we would really like to ensure we can support your child/children as effectively as possible on their first day back to school. To do so, we ask if you could update us on any **significant events/news that occurred over the summer holiday** (achievements, successes, concerns, etc.). We know summer holidays can be hard on some of our pupils and their families and as always, we are here to help, listen and support. You can drop me an email (head@cefnllys.powys.sch.uk) and I will ensure relevant staff members are aware. If you would prefer to catch up in person, I will be in school every day this week. You can email me with your preferred time/day, and I will do everything possible to see you.

Have a lovely rest of the holiday, I can't wait to welcome you all back to school next Wednesday.

Kind regards,

Michaela
