## 1. Mission statement

Ysgol Cefnlllys is committed to providing a full and efficient education to all learners incorporating e-FSM, Multilingual (EAL/WAL), Gypsy Romany traveller (GRT) and Military Service Children. Ysgol Cefnlllys embraces the concept of equal opportunities for all.

We will provide an environment where all learners feel valued and welcomed and are committed to the fundamental principle that early intervention and partnership working is crucial in ensuring the attendance, protection and wellbeing of all children.

The school will follow the Wales Safeguarding Procedures, *Belonging, engaging and participating*<sup>1</sup> and local protocols in relation to specific and identifiable wellbeing issues that prevent a child from accessing education, or where there are safeguarding concerns.

As outlined in *Belonging, engaging and participating*, 'attendance cannot be considered in isolation. The many interrelated and overlapping causes of absence and the varied nature of the learner experience in school, the community and at home mean that whole school strategies and strong multi-agency working arrangements are needed, designed to support all learners.'<sup>2</sup>

The school will review this policy and its systems for improving attendance and the whole school approach for promoting strong attendance and a positive learning environment on an annual basis to ensure that it is in line with national and local guidance, school priorities and effectively supports learners to access education.

## 2. Promoting attendance

The foundation for good attendance is a strong partnership between the school, parents, carers and learners as outlined in *Belonging, engaging and participating*<sup>3</sup>, the Welsh Government guidance on improving learner engagement and attendance.

'Improving attendance requires a whole-school and whole-system approach'<sup>4</sup>, where 'learner engagement and improving attendance is a continuous process that begins with developing trusting relationships between school staff and learners'<sup>5</sup>.

We will:

- ensure that our learners are aware of the importance of good attendance and how this will benefit them, both now and in the future
- use a variety of strategies to intervene at an early stage to encourage improved attendance of individual learners and assist to overcome any barriers that may be preventing the expected level of attendance. These strategies may be school-based or may be implemented jointly with other partners to ensure the most appropriate support for the individual and their family.
- Clear guidance of how the school and families will work together to ensure learners' have good attendance in the home-school agreement.

### **3. Roles and responsibilities**

To support a learner effectively, it is important to establish close working relationships between families, learners, schools, the local authority and other professionals.

A key part of any successful working relationship is a clear understanding of each person's role and responsibilities. The following section clarifies the roles and responsibilities for those people engaged in supporting learner attendance.

#### **The Parent / Carer**

Parents / carers are responsible for ensuring that their child attends full-time education that is suitable to their child's age, ability and aptitude and to any additional learning needs (ALN) that the child may have.

Parents / carers are also responsible for ensuring that their child attends school on time; this is a legal requirement. We understand that sometimes there are situations at home that may make it difficult for a learner to arrive on time, it is important that parents / carers let us know should such a circumstance arise.

#### **Timing of a school day**

Main Gate opens at 8:45am

The school day starts at 8:55am when all pupils are expected to be ready to learn in their classrooms.

Lunch time runs from 12:15pm – 1:15pm

The school day ends at 3:30pm

#### **The School**

Schools have a range of responsibilities in respect of attendance. The school will:

- Take an attendance register twice a day; at the start of the morning session and at the start of the afternoon session.

- Monitor individual attendance rates daily to identify any emerging trends and possible safeguarding concerns.
- Use their interventions to improve individual learner attendance.
- Have 'eyes on' a learner who has been absent from school for more than five school days. This includes undertaking home visits where contact is not possible at school or in the community.
- Make a referral to the Education Welfare Service for support, advice and guidance when the school has exhausted all other reasonable methods.

### **The Headteacher is the Attendance Lead**

Ms M Soporova will be responsible for the strategic management of attendance across the school.

Those roles include the following responsibilities:

- Gather and scrutinise attendance data;
- Monitor trends and patterns across cohort of learners;
- Identify individuals or groups requiring interventions;
- Inform the Designated Safeguarding Person that if a learner/s on the child protection register is absent from school the need to check requirement to inform agencies
- Direct resources for the best possible outcomes;
- Coordinate and monitor interventions;
- Evaluate interventions for their impact and effectiveness;
- Amend and revise the school's approaches.
- Make the final decision on coding, including authorisation or not of holidays.

### **Class teachers**

Class teacher will:

- Be responsible for completing the morning and afternoon registers fully and accurately
- Record any details known to them about reasons for absence;
- Undertake informal chats with parents to understand if there are any barriers to the pupil fully engaging in their education or if they require any additional support.

### **Absence Administration Staff**

Under the direction of the Headteacher the Administration staff will:

- Be responsible for the daily operation duties of the attendance team;
- Follow up on any unmarked registers;
- Escalate concerns about registers to the attendance lead;
- Undertake first day calling every day for a learner whose family has not made contact; collate and log any supporting evidence;
- Flag any first-day absences of learners signposted by safeguarding lead or Headteacher.
- Chase any outstanding forms, absence notes, holiday request forms etc.;
- Compile data for analysis by the attendance lead.

#### 4. School procedures

Any learner who is absent from school at the morning or afternoon registration period will have their absence recorded as being authorised, unauthorised or as an approved educational activity (attendance out of school). Only the headteacher, or a member of staff acting on their behalf, can authorise absence.

Registration coding is in line with the Welsh Government guidance on school attendance codes<sup>6</sup>.

##### 4.1 Punctuality

Morning registration will take place at the start of school at **8:55am** The registers will remain open for a maximum of 30 minutes from this start time, in accordance with Welsh Government guidance.

Learners arriving after the start of school but before the end of the 30-minute registration period will be coded as late (L code). Any pupil arriving after this time will be marked as having an unauthorised absence (U code) unless there is an acceptable explanation i.e. school transport was delayed. In addition, where the absence at registration was for attending an early morning medical appointment, the appropriate authorised absence code will be entered (M code).

Afternoon registration will be at 1:15pm and any pupil arriving after this time will be marked as present but late (L code) if they arrive within 30 minutes or an unauthorised absence (U Code) if they arrive more than 30 minutes after the start of the afternoon session.

<sup>6</sup> Guidance on school attendance codes, Welsh Government, 2016 <https://www.gov.wales/school-attendance-codes-guidance#:~:text=School%20attendance%20codes:%20guidance.%20The%20codes%20that%20schools%20must%20use,> accessed on 26.09.2024

The school will follow-up on lateness with the learner and / or their parent / carer via Teachers2Parents in the first instance and follow this with a phone call and/or email.

If a learner is persistently late, the school will contact the parent on the first instance and request a meeting/offer support. If the situation continues then the parents will receive a more formal request for a meeting to discuss the situation and if there is no improvement, then this will escalate to EWO (Education Welfare Officer) involvement.

## **4.2 Dual Registration**

Where a learner attends another school, the Pupil Referral Unit or receives medical tuition, they will be dual registered with both the school and the other provider. The main school will be whichever the child attends for more than 50% of their time. The other will be the subsidiary.

If the learner attends, the education provider where they attend will mark them as present (/ or \ code) and the school will mark the register with a D code (which counts as present). If they are absent, the education provider and the school will both mark the register with the appropriate absence code.

## **4.3 First day absence**

Parents and carers are reminded that they should contact the school by **9:15** if their child is not able to attend school on that day. Parents and carers must state the **full** reason for the child's non-attendance (not just "feeling unwell") and indicate the likely date they will return to school. Parents and carers should be prepared for the members of school staff to ask questions about the pupil's condition, the patterns or trends in their absences and any treatment they may be receiving.

If a parent or carer does not contact the school, staff will try to find out the specific reason for non-attendance as soon as possible on the first day of absence - Via our Teachers2 Parents system and/or phone call and email. Once the specific information is received, the register will be amended to reflect the appropriate absence code (see Appendix 1 for the types of code).

If no appropriate reason is given for the absence, the absence will be recorded as unauthorised (O code).

## **4.4 Absence – supporting evidence**

Supporting evidence or communication received from parents / carers explaining the reason for the absence will be recorded and / or kept in the absence book.

Parents and carers should be made aware that only the headteacher (or an appropriately delegated member of the SLT) can authorise an absence. Further information (such as a letter from a GP or consultant} may be required to support reasons given for absence.

#### **4.5 Persistent and severe absence**

The school will work proactively identify emerging persistent absence. Where a pattern begins to develop, the school will consult with the parents/carers and signpost agency support where appropriate and also liaise with EWO.

The Welsh Government defines persistent absence as below 90%.

The local authority defines severe persistent absence as below 50%.

The use of the terms persistent and severe absence helps to clearly define the difference between those learners who are occasionally absent and those learners who are seen in school far less frequently. This supports schools to target interventions and responses effectively as well as understand where safeguarding risks may be heightened.

#### **4.6 Medical and illness absences**

Where a learner requires a routine medical appointment (such as a dentist appointment), these should be made outside of the school day. If this is not possible, a copy of the appointment letter should be provided to the school ahead of the appointment date. The parent / carer should try to ensure that the learner attends school some of the day, where possible.

If a learner is repeatedly absent due to illness, the school may request supporting evidence that the learner is receiving the necessary medical treatment. An appointment card, consultant letter, photograph of prescription medication, would all suffice as medical evidence. Without the necessary evidence, the school may notify the parent or carer that all future absences will be unauthorised until the necessary medical evidence has been provided, and a referral to the Education Welfare Service may be made.

In addition, some learners may require additional provision and support where their known medical needs have a long-term and persistent impact on their attendance<sup>7</sup>. Examples could include, but are not limited to:

- Recuperation following a hospital stay or operation;
- A longer period of illness (such as glandular fever);
- Conditions for which regular appointments or treatments are unavoidable (such as kidney dialysis, chemotherapy, radiotherapy).

The school will provide appropriate support on a case-by-case basis. This may include seeking additional advice, guidance, support or provision from the local authority.

## **4.7 Holidays**

Holidays during term time should be avoided as any absence can have an impact on learning.

Parents / carers should apply in advance to take holidays in term time: the fact that holiday has been booked does not automatically give permission. If the headteacher doesn't agree and the family goes anyway, it's an unauthorised absence. The headteacher is not obliged to authorise holiday absence, and there is no minimum entitlement of holiday absence.

The headteacher has the discretion to authorise absences for up to 10 days in a school year. Part of the decision-making process will include a review of the learner's absences to date. If a learner is away for longer than agreed, the period outside the agreed dates will be an unauthorised absence. There is no right to appeal: the decision of the headteacher is final.

Should a family wish to submit a request for their child to be absent from school for the purposes of a holiday, they should acquire a Holiday Request form from the school office.

The family will be notified if the outcome of the request is negative.

Parents and carers are advised that a fixed penalty notice may be issued by the local authority when permission for a holiday or leave of absence has not been authorised by the school. The local authority's Code of Conduct for issuing Fixed Penalty Notices can be obtained from the school, the local authority's website or the Education Welfare Service.

## **5. Attendance initiatives and multi-agency working**

The school will raise the awareness of school attendance, promote good attendance and tackle unauthorised absence.

The school will work with other agencies, including the local authority, on general school attendance matters. Additionally, the school will seek advice and guidance from, and make referrals to, appropriate agencies to support individual learners.

The school will work closely with feeder (pre-) schools to support transition via Taster sessions, open events and staff visits to provisions.

*The Education Welfare Service (EWS)*

'The EWS is committed to the fundamental principle, that early intervention strategies and partnership working, is crucial in ensuring the protection and wellbeing of all children and young people.'<sup>8</sup>

Sometimes it will be necessary for the school to contact the EWS about an individual learner to seek advice, guidance and support to improve their attendance. This may involve the Education Welfare Officer (EWO) contacting the family and / or making a home visit. Parents / carers, and the learner where appropriate, may also be invited to a meeting with the school and the Education Welfare Officer.

**As a school we also work with other agencies to support Attendance including:**

- School-based counselling service (Area 43)
- Family Liaison Officer
- CAMHS In-reach
- Early Help
- School Nursing
- Integrated Disability Service
- Educational Psychology Service (in cases of Emotionally-Based School Avoidance)
- Youth Justice Service

## **6. Reintegration following absence**

The school will welcome back all learners on return from an absence. This will include ensuring that the learner is helped to catch up on missed work and brought up to date on any information that has been passed to the other learners.

If the learner has been absent for a considerable period of time, the school will request a formal meeting with family to ensure that they are well supported with the transition back to school. In some cases, a reintegration plan will be introduced tailored to the needs of the individual.

## **7. Fixed Penalty Notices for non-attendance at school**

The school may, in line with the local authority's Code of Conduct, request the local authority to issue a fixed penalty notices where a parent/carer has failed to secure their child's regular attendance at school.

## **8. Retention of records**

The school will make paper copies of the register once a month.

---

<sup>8</sup> Welsh Government, October 2023, Belonging, engaging and participating: Guidance on improving learner engagement and attendance, <https://www.gov.wales/improving-school-attendance>, accessed 26.09.24, p. 52

Attendance regulations stipulate that attendance records should be retained for at least three years.

## **9. Attendance targets**

A system for analysing performance towards the targets has been established and the headteacher is responsible for overseeing this work. The school and Governing body will make use of the attendance data available from the local authority when reviewing its targets.

The head teacher will present the attendance data in each of the termly reports to the Governing body for the figures to be scrutinised against the attainment data. The Governors will have the opportunity to challenge the data alongside the practices for managing attendance, in order to tackle the overall absence rates across the school and within specific cohorts of learners.

School attendance target has been set to 93% for the 2024-2026.

## APPENDIX 1: Registration codes

The following national codes will be used to record attendance information.

## **APPENDIX 2: Legislation and guidance**

The Education Act 1996 Part 1, Section 7 states:

The parent of every child of compulsory school age shall cause him to receive efficient full-time education suitable:

- (a) to his age, ability and aptitude and
- (b) to any special needs he may have either by regular attendance at school or otherwise.

For educational purposes the term parent means natural parents and includes any person who has parental responsibility or has day to day care of the child.

Section 444 1, 1(a) and (ZA) contains the details of when an offence is committed if a child fails to attend school or alternative provision arranged by the Local Authority.

The Education (Penalty Notices) (Wales) Regulations 2013 set out the framework for the operation of the Fixed Penalty Notice scheme.
